

AUTOWELL MILLING VISE PROMO

Wellock Vises

AT, AMC, MG *system*

Wellock system ensures the workpiece does not lift.

80,000 PSI (FCD - 60) ductile iron body. HRC45° flame hardened vise bed and jaw.

Footprint and distance from keyway to stationary jaw as same as competition.

Sealed bearing system reduces clamping force and increases bearing life.

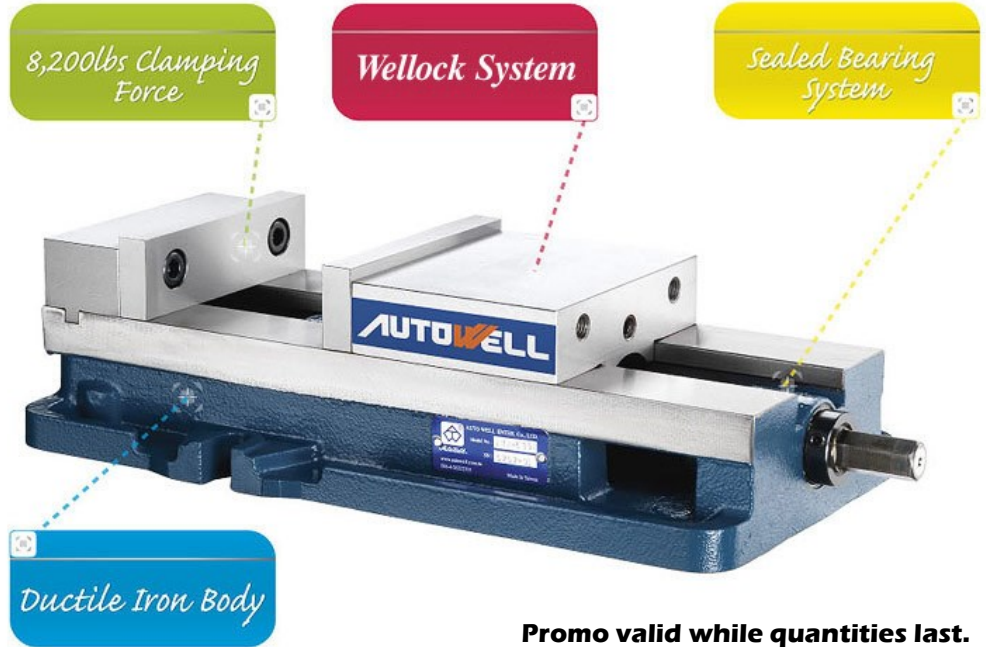

Stationary jaw has machined keyway for alignment of the vise and includes alignment rail for quick setups.

Up to 8,200 lbs (37,800 N) of clamping force.

Large Clamping Capacity *Wellock Vises*

Lockwell Milling Machining Vise

The AT-Series vises offer high quality the same as the world famous brands. Improving on industry standards, the vises are ultra-precision in datum, flatness, parallelism and verticality. AT-Series use the robust body and rigid stationary jaw. Furthermore, it also back by 10-year limited warranty.

Promo valid while quantities last.

- Milling Vise - 6" x 7.5"

- 6" Vise with a 7.5" large opening
- Clamping force: 6,700 lbs

Promo Price **\$549.25**

277064

- Milling Vise - 6" x 8.9"

- 6" Vise with a 8.9" large opening
- Clamping force: 7,900 lbs

Promo Price **\$597.65**
